Dear Chairwoman DeLauro and Ranking Member Granger:

I am requesting \$1,000,000 in community project funding for the Town of Bethany.

The entity to receive funding for this project is the Town of Bethany, located at 40 Peck Rd, Bethany, CT 06524.

The Town Hall building is over 60+ years old and is in major need of renovation and upgrade. Things have not been maintained in a timely fashion, or at all, and are now in foremost need of being addressed. They have their Town Hall gymnasium that needs some major work regarding electrical and audio/visual upgrades in order to make it a multi-purpose community facility for department, park & recreation programs, and public town use, including the annual town meeting and other Town meetings and hearings. These upgrades would allow them to hold virtual/hybrid meetings, etc. It would also improve access for seniors and those with mobility and hearing challenges and allow special education students to participate in some Parks and Recreation programming (e.g., a summer enrichment program). This facility hosts many community groups with their various events, and want to upgrade these areas in order to better serve the community.

I certify that neither I nor my immediate family has any financial interest in this project.
